

Abiding Hope Respite House ANNUAL REPORT

July 2019 - June 2020

WHAT WE DO

ABIDING HOPE is a 7 to 14 day respite facility for individuals 18 years of age and older with psychiatric disability. We provide a short-term alternative to an emergency department visit, or acute hospitalization for persons experiencing overwhelming stress, which van be alleviated with a brief respite stay. Abiding Hope Respite House is a coed facility that houses a maximum of five clients each day. Referrals may come from emergency rooms, law enforcement, outpatient case managers and shelters.

SERVICES PROVIDED

WE PROVIDE CLIENT-CENTERED RECOVERY SERVICE IN A WELCOMING HOME-LIKE ENVIRONMENT. THESE INCLUDE:

Resource linkage, including regular check-ins to discuss goals and distribute appropriate materials

REFERRALS

Onsite life skills groups to promote positive socialization and healthy coping skills

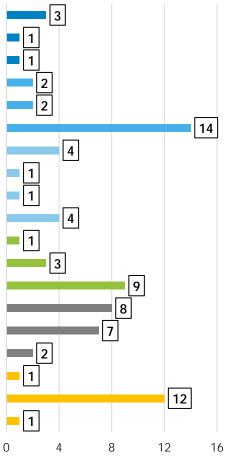

Care management to coordinate care and reduce emergency room visits

Transportation to appointments, meetings and other resources

Referrals by Source

BRIEF COPE AT ADMISSION

The Brief COPE is utilized to assess ways in which participants cope with stress in their lives. A total of 28 items fall into 14 subscales. Participants respond utilizing a Likert-like response scale (1=I don't do this at all, 2-I do this a little bit, 3=I do this a medium amount, 4=I do this a lot).

CLIENT SATISFACTION

Of the 78 discharges that occurred within the reporting period, 76 (97.4%) completed a satisfaction survey. The remaining 2 (2.6%) discharges did not complete a survey due to declining to participate. Results for the 76 surveys completed are as follows:
