

Housing Assessment Team (HAT)

ANNUAL REPORT

July 2020 – June 2021

WHAT WE DO

HOUSING ASSESSMENT TEAM (HAT) works in collaboration with other community partners, recognizing that a whole-person approach is required in order to support and assist individuals out of homelessness. HAT has first contact with individuals who walk into the program, identifying needs, providing resource information and connecting them to local services.

HAT utilizes Coordinated Entry to identify prioritized clients (who are the most vulnerable) and connect these individuals with housing interventions, as well as support them with navigation.

CENSUS

Total Served by Month*

5463

Persons Served Unduplicated

24354

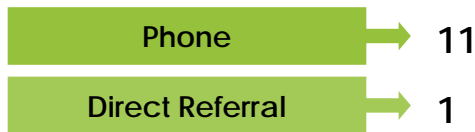

Persons Served Duplicated

*The sum of each month will not equate to the TOTAL persons served (unduplicated) above due to there being duplicate clients between months. The TOTAL value for unduplicated persons served excludes all duplicates despite the month of service.

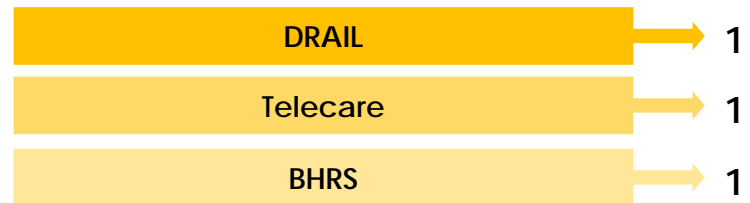

REFERRAL SOURCES

The breakdown below includes the referral sources of the **958** individuals served who completed a Client Intake Form.*
